ECONOMIC AND SOCIAL DEVELOPMENT

Africa – Regional Overview of Food Security and Nutrition 2019

Containing the damage of economic slowdowns and downturns to food security in Africa

This edition looks at how, despite a recent slowdown in undernourishment, food insecurity is rising due to economic downturns, conflict and climate extremes. It warns that progress is too slow to meet six key nutrition targets and Zero Hunger by 2030.

100 pages | 210 x 297 mm | ISBN 9789251320518

GENDER

Developing gender-sensitive value chains

Guidelines for practitioners

These guidelines will assist practitioners in mainstreaming equal opportunities for men and women in agri-food value chain development. They call for capacity building, access to knowledge for women and financial services to tackle gender-based constraints.

108 pages | 176 x 250 mm | ISBN 9789251305164

NUTRITION

Nutrition and livestock

Technical guidance to harness the potential of livestock for improved nutrition of vulnerable populations in programme planning

This technical guide summarizes current thinking that positions livestock as a potential solution to the nutritional needs of vulnerable groups. The guide is useful for those involved in both livestock and nutritional policy-making and programming.

56 pages | 210 x 297 mm | ISBN 9789251320532
